IPERFORMERS COMING.

Mr. Frank M. Clark, who, with his All-Star Compe v. gave several performances at | Opera House here, about a y r ago, was a through passenge by the S. S. Mariposa, this more log. Mr. 'Clark goes to New York for another company and will bring them out for the Colonies, stopping several days at Honolulu and giving a number of entertainments. Mr. Clark has not decided of what specialty this new company shall be. They will all be stars, however, whether they be tragedians, comedians, comic opera singers, or a variety troop. Mr. Clark also expect a troup from London to shortly follow his New York company, and he will have them also stop for a while at this place.

DROWNED.

Capt. Charles Nilsson, owner and master of the schooner Waiehu, was drowned at Kuau, Maui, on Sunday August 19th. The crew after securing the vessel asked for and obtained liberty to spend the day ashore, consequently all hands went. The captain, however, remained on the landing while the crew went up to a native church on the hill. They had not been gone long when one of them saw the captain going off to the vessel alone in the boat. It was blowing hard at the time and occasionally large seas would run in. He saw the danger the captain was in and gave the alarm to the other two, when they all hurried down to the landing, but only in time to see the boat struck by a heavy sea, which careened her over and precipitated the captain into the sea. The sailors immediately swam out to the boat, but before they got there the captain was drowned. All attempts to recover the body proved futile. The vessel arrived this morning in charge of the mate who brought the sad news of the accident.-Aug. 22.

THE ORGAN RECITAL.

The third of the series of Organ Recitals was given on Thursday evening, by Mr. Wray Taylor, A. Gld. O., in Kaumakapili Church, to a large and appreciative audience The programme included works by Dr. Chipp, Batiste, Delbruck, Dr. Sparke and Dr. Tours, each of which Mr. Taylor played with his usual skill. Mrs. J. H. Paty sang Handel's "Angels ever bright and fair," with much taste and expression. The programme also contained two other organ solos which were played by Mr. M. H. Jones, Organist of the Central Union Church, and two choruses, sung by the Honolulu Arion Society which were listened to with marked attention. Princess Liliuokalani graced the occasion by her pre-

It is very gratifying to notice that these organ recitals are becoming popular, for they are certainly worth listening to and an hour passed at these entertainments is not

A CRUEL JOKE.

On Saturday afternoon, a plain citizen of Honolulu, accompanied by an unsophisticated and gullible friend, entered the office of one of our large concerns and after having discussed for some little time the topics of the day, the representative of the concern, impelled by a seemingly brotherly regard for the physical welfare of his visitors, quietly asked them if they would take something. With alacrity his invitation was accepted, the plain citizen's eyes sparkling with the anticipation of a rare treat, whilst over the childlike and bland features of the unsophisticated there stole a smile so sweet and satisfied that was charming to behold, and his hands, which he held crossed behind his back, affectionately toyed with each other. With an air of secrecy the host invited them behind the desk rail, and after scanning the surroundings to see that no intruders were near, deliberately opened a drawer, and drew therefrom and exposed to the eager gaze of his visitors a bottle of -no, not of whiskey nor beer-but red ink. Ah, "what a fall was there my countrymen!" The cruel, cruel joke had been played, and the two visitors, the plain citizen and the gullible, disappointed to almost heart breaking, sadly and gently gathered themselves together and quit the abode of the tempter, drier, if not wiser, men.

ARRIVAL OF THE DIMOND.

The barkentine W. H. Dimond, Captain E. P. Drew, arrived this morning, 124 days from San Francisco, with a full eargo of miscellaneous merchandise and one cabin passenger. The Dimond made a straight track down, almost a beeline, and accomplished more than half the distance in five days. She walked away from the Pacific Coast with a stiff N. W. breeze; picked up the island trades in the usual place. During the run one whole dolphin and four dolphin heads were hauled on board with a line. In the latter case the fish are said to have held the water so fast that their heads were pulled off! The Dimond docked near the O. S. S. wharf, with a powder signal flying. On the deck of the Dimond came a new foremast for the schooner Moi Wahine. Captain Drew is looking as well as ever, and is full of funny stories about traveling wool merchants and political badges.

Grand total 497 THE THIRTIETH ANNIVERSARY.

Thirty years ago to-day the banking house of Bishop & Co., was founded. Starting at the little office, now occupied by Alex. J. Cartwright, Esq., corner of Kaahumanu and Queen streets, the bank gradually grew to its present eminence. In 1875, Mr. J. H. Paty was admitted into the firm and in 1881, Mr. S. M. Damon, which gentlemen constitute the present company. The House has an honorable name and reputation, second to none, at home and broad. The Hawaiian Band celebrated the 30th anniversary of the institution by playing a programme of choice music in front of the banking premises this morning.-Aug. 17.

SIR ROCER TICHBOURNE.

With the re-opening of the famous Tichbourne case in England there is more or less interest in any person who may have been connected with the real Tichbourne or the claimant. There is now in Honolulu an individual who has been living obscurely in other parts of the islands for some time, who has confided to a few an interesting story, which, if true, may be conclusive proof of the death of Sir Roger. This man claims to have been with him and to have buried him on Sydney Island and he tells his story with a simplicity and apparent veracity which would be valuable evidence. He contemplates leaving the islands soon, and it seems a pity the British Government could not induce him to proceed to Sydney Island in a war-vessel and there discover and produce the bones of Sir Roger from the grave which he claims he dug.

RETURN OF THE LILIAN.

The bark Lilian, which arrived Sunday from Hongkong via Amoy, is docked at the old Custom House wharf. In the China Sea the Lilian encountered a typhoon, and for six days struggled with the wind and sea. The sun was not seen once during the entire six days, and the vessel was under bare poles the greater part of the time. A succession of heavy squalls followed the typhoon. The Lilian went as far as 41 deg. North. In 40 deg. North a playful whale struck the vessel at the bow, frightening all hands and shaking the bark violently. The Lilian received the gale which recently swept across this island, and her bow was damaged considerably by huge seas. She has 25 Chinese passengers, 6 of whom became paralysed during the passage. She also brought three boats, two for sale and one for Mr. Waterhouse. One of the two first mentioned was sold this morning to Bob Davis for \$85. The Lilian comes consigned to Wing Wo Chan & Co.

A BROKEN ROLLER.

Last Saturday a roller of Kekaha Mill, Kanai, broke down. The schooner Liboliho went to Elcele H. R. A. range, Saturday, resulted | Mill to get a spare roller, and taking it to Kekaha, that mill resumed grinding on Tuesday. The Mikahala took the broken roller on board at Kekaha this last trip, and came to Honolulu a day ahead of her regular time, to have it fixed at the foundry, in order that it may be taken back on Tuesday.

FROM THE CRATER.

Mr. Maby, writing from the Volcano House, under date of August 20th, gives the following news. At 7:30 o'clock this morning (August 20th) a heavy shock of earthquake was felt and Madame Pele went into flery convulsions. The crater, all around the cone is a boiling, surging mass of liquid fire. The variations of temperature for the week ending August 20th were between 78 and 56 degrees. About half an inch of rain fell during the week.

A REPORT.

It is reported that the notorious prisoner, who jumped overboard from the U. S. S. Omaha, one night last week, is now sailing on the briny deep. The report says that at four bells, 10 o'clock, in accordance with previous arrangement, a boat was near the bow of the Omaha. and at the striking of the bells the sentry on duty turned his back, while the prisoner, whose irons had been filed off, jumped overboard. It is further said that the prisoner was picked up by the boat in waiting, and taken on board the bark Woollahra, where he is now supposed to

BORN:

DWIGHT-In this city, to the wife of C. B. Dwight, August 24th, a girl.

Mother Seigel's **OPERATING** PILLS,

FOR CONSTIPATION, SLUGGISH LIVER, ETC.

I NLIKE many kinds of eathartie medicines, do not make you feel worse before you feel better. Their operation is gentle, but thorough, and unattended with disagreeable effects, such as nausea, griping

pains, &c. Seigel's Operating Pills are the best family physic that has ever been discovered. They cleanse the bowels from all irritating substances, and leave them in a healthy condition.

The best remedy extant for the bane of our lives-constipation and sluggish liver.

These Pills prevent fevers and all kinds of sickness, by removing all poisonous matter from the bowels. They operate briskly, yet mildly without any pain.

If you take a severe cold, and are threatened with a fever, with pains in the head, back and limbs, one or two doses of Seigel's Operating Pills will break up the cold and prevent the fever. A coated tongue, with a brackish

in the stomach. A few doses of Seigel's Operating Pills will cleanse the stomach, remove the bad taste, and restore the appetite, and with it bring good health. Oftentimes diseased, or partially decayed food, causes sickness, nausea and diarrhæa. If the bowels are cleansed from this impurity with

taste, is caused by foul matter

will vanish, and good health will result. Seigle's Operating Pills prevent ill-effects from excess in eating or drinking. A good dose at bedtime renders a person fit for

a dose of Seigel's Operating

Pills, these disagreeable effects

business in the morning. These Pills, being Sugar-coated. are pleasant to take. The disagreeable taste common to most pills is

obviated.
